

grant recipients

meet our 2020 grant recipients

TangerKIDS Grants Program provides funding to schools in our communities for programs that support the future and education of our youth. From every coupon book sold at our centers, \$1 is earmarked to fund grants up to \$2,500 each.

Since 1996, the Tanger Factory Outlet Centers team has made it their mission to give back to the schools in their local community. Over the past 23 years, the Tanger team has taken great pride in their role to support the futures and educations of students. To date, Tanger has donated over \$2.5 million to our area schools!

The TangerKIDS Grants Program was designed to satisfy the specific funding needs that schools have, from creating and implementing school-wide programs, to rebuilding equipment or academic materials inventories, to supporting academic club, athletic teams or band programs within the schools, as they are expressed by teachers and principals.
